- **ICDL** - full standard

Andrea Vinduska

Industrial Engineering Student

PROFILE

Student attending the first year of Industrial Engineering in Trento, with a strong **passion for robotics, mechatronics** and applied sciences in general.
In my free time I dedicate myself to **3D modelling and printing**, **programming** and to little hand jobs, in addition to **outdoor activities** such as hiking and skiing.
I also take part in **volunteering activities** with Siror's "CTC", and I am currently in the process of being ammitted to Primiero's volunteer fire department.
